"WOW! What an incredible video! Our wedding video may have actually surpassed your demo! We wanted to let you know just how much we enjoyed it & all your efforts to make it so incredible. Our family was very impressed (everyone said it was the best they had seen). My favorite part was when we were all lined up taking photos - the expressions you got from people were priceless & your editing to the music was amazing. You certainly did not miss a single moment and captured the day. Thank you so much for a job well done. It is something we will cherish forever."

“We are writing you today to let you know that we love our wedding video. The DVD was awesome. Everyone else charges quite a bit for DVD’s and your company offers them at no additional cost. That was great! Thanks! Your services are awesome and the price was far more competitive than others were. You always told us that cost should not be the determining factor when hiring a videographer. You were definitely right on that. We love our video & the price too.”

“As wedding photographers ourselves, we have worked alongside Steve Pierce and/or his crews for many years and we have never been more impressed with their ability to “get the shot” while staying low and out of the photographers shot. They are constantly one of the most professional and fun group of videographers in the Portland area. They are very outgoing too. Their prices meet all bride’s budgets, from the easy to the elegant. It is important for the bride and groom to choose a photographer and videographer who work well together. We are living proof of that. We look forward to shooting many more along side you in the future. Please feel free to contact us should anyone have questions.”

“We just want to thank you for doing such an awesome job on our video. We took the video and watched it with Scott's Dad and step mom, and it brought tears to their eyes. If only we could do it again :) Thank you so much again, and whenever you need references....you know how to reach us.”

“I found Mr. Pierce to be both professional and courteous in fulfilling our video needs. He and his folks provided us with a video that we will cherish for years to come. Their knowledge and skill far exceeded our expectations and their prices were much more affordable compared to most. It was an easy sell for us. His prices were below others yet his skill was better than most providers that were more expensive. We are glad we shopped around. Less expensive does not always mean less quality.”
